**RE: Norlight Telecommunications, Inc.
Certification of CPNI Filing (February 6, 2006)**

**ER-06-TT-060
EB Docket No. 06-36**

Dear Ms. Dortch:

In response to the Commission's public notice, DA 06-223 (released Jan. 30, 2006), Norlight Telecommunications, Inc. ("Norlight") submits this letter, which serves as its explanatory statement to accompany its most recent officer certification, to demonstrate that the company is in compliance with the Commission's customer proprietary network information ("CPNI") rules as set forth at 47 C.F.R. §§ 64.2001-64.2009. Moreover, recent media reports of "data brokers" who attempt to obtain CPNI from carriers through fraudulent means have further heightened Norlight's awareness of the need to be vigilant in protecting CPNI.

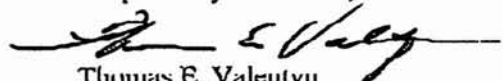

Norlight does not use CPNI for sales and marketing campaigns. Moreover, Norlight does not disclose or permit access to CPNI by third parties for any marketing purposes. Therefore, many of the requirements contained in the CPNI rules, such as the requirement to obtain customer consent for use of CPNI for marketing purposes, are not applicable to Norlight.

For the Commission's information, each Norlight account executive is expected to call on his/her existing business customers routinely to maintain a high level of customer satisfaction and to confirm that Norlight is meeting their needs. The account executive has knowledge of the fact that his/her existing customer, by definition, is receiving services from Norlight when he/she makes such a sales call.

Norlight transmits certain CPNI to an independent contractor for the sole purpose of conducting a periodic survey of customer satisfaction. To the extent CPNI is released to this independent contractor for such a non-marketing purpose, the agreement with the contractor contains confidentiality provisions adequate to ensure the ongoing confidentiality of the CPNI.

Finally, Norlight has trained its employees with access to CPNI on the limited purposes for which they are authorized to use CPNI. It is Norlight's policy that any employee who violates Norlight's procedures with regard to CPNI will be subject to disciplinary action.

Respectfully submitted,

Thomas E. Valenty
Vice President and General Counsel
Norlight Telecommunications, Inc.

**CERTIFICATION OF COMPLIANCE
WITH THE FCC'S CPNI RULES**

I, Thomas E. Valentyn, Vice President and General Counsel of Norlight Telecommunications, Inc. ("Norlight") hereby certify that I have personal knowledge that Norlight has established operating procedures that are adequate to ensure compliance with those customer proprietary network information ("CPNI") rules, set forth at 47 C.F.R. § 64.2001 *et seq.*, applicable to Norlight, as further described in the accompanying statement.
